

HURACAN VIBRATING SCREEDS

Vibrating Screeds

- The Enarco vibrating screeds are powered by the Honda GX35 Mini 4-Stroke.
- Comes with beams ranging from 1.5 - 4 metres.
- Screed bar and frame manually separated for transport
- Folding handle that reduces the transport volume by 50%
- Motor raised from ground level to avoid damage and excessive amounts of concrete and dirt damaging the motor
- Multi-point adjustable acceleration.
- Semi-rigid transmission that absorbs horizontal and vertical oscillations
- Transmission system with centrifugal clutch.
- High performance rate per surface area and volume of concrete vibrated
- 12 month machine warranty
- 36 month Honda motor warranty
